California Retail Food Code (CRFC) Chapter 13, Article 1, Section 114380 requires a submittal of complete, easily readable plans (drawn to scale) and specifications of retail food facilities to the local health department for review and approval prior to construction or remodeling.

This is a listing of manufacturers that specialize in new construction, remodel and repair of mobile food facilities (MFF) and mobile support units (MSU). This listing is provided as a service and not a recommendation or endorsement by this Agency. It is the client's responsibility to ensure that two sets of plans are submitted to the Food Vehicle Program for review and written approval is obtained prior to construction or remodeling.
