Continuing Education Credit CHES, and pending approval, Nursing Contact Hours (CE), BBS, & CAADAC (CHES credits $5 per unit up to 6 units. Other CE credits are free)

Course Description

This one-day training is intended for educators who work with school-age youth. The STD/HIV Update training provides a more in depth look at STDs and HIV, including: trends, transmission, consequences, STD/HIV connection, the CA Education Code regarding HIV and sexuality education, and appropriate risk-reduction messages for school-age youth. Free access to STD/HIV-specific resources will be available through this training, including "STD 101 for Teens" PowerPoint and Making the Connection Between STDs and HIV Lesson Plans.

After completing this course participants will be able to:

Local STD Update!

- Summarize STD/HIV trends locally and nationally
- Describe common STDs and their symptoms
- Describe the relationship between HIV and other STDs
- Describe which behaviors are high-risk for STD and HIV transmission
- Provide clear and simple risk-reduction messages about STDs to young adults
- Understand what is required regarding sexuality education in CA Ed. Code
- Learn how to appropriately facilitate sexuality questions asked by youth

Who Should Attend?

Middle school and high school teachers, school nurses, and other educators from government institutions, community based agencies, health departments, and clinics.

Questions? Contact your local SCIP Coordinator, Laura Buscemi-Beebe at 714-834-4058 or lbuscemi@ochca.com
