On November 29, 1999, the Court of Appeals concluded that there is a mandatory duty under Government Code Section 29853.5 to issue a replacement warrant within five working days after a recipient files a proper affidavit attesting that the warrant has been lost, stolen or destroyed regardless of any investigation a county might choose to do during that period. This decision is prospective only and no retroactive adjustments are required. The state informed the county welfare departments of this order in All County Letter 00-24 dated March 31, 2000.
