**Should the amount for the budget be the same as it was for this year?**

As indicated in Attachment 5-B, SOQ Attachment Page 9, Personnel Budget Detail, the proposed budget should be based on a total funding level of \$198,000 (estimated average for currently funded FY 2006-2007 shelter-based programs). This does not guarantee funding at this level but it is used only for review purposes. To that effect, the County has already published Addendum 1 to clarify this point in Attachment 5-A, SOQ Attachment Page 8, Budget Summary.
