#1 Supplies:

Popsicle Sticks

Glue Stick

1 colored paper

6 patterned paper

Scissors

Pencil or pen

Jar (optional)

#2 To make the back side of your popsicles create a popsicle stencil and use the stencil to trace 12 popsicles on the same sheet of colored paper. Then, use scissors and cut out the 12 traced popsicles.

#3 Use the same stencil to trace 2 popsicles on your patterned paper and cut the traced popsicles.

#4 Next, use the glue stick to glue on the backside of the colored paper and put the popsicle stick halfway down the back of the paper. Then, glue the backside of the patterned paper and place on top of the popsicle stick.

#5 Repeat step #3-4 until you have 6 pairs of popsicles.

#6 How to play:

1.Mix up the popsicle sticks and lay them in rows, face down.

2.Turn over any two popsicles, if two popsicles match, keep them. If they don't match, turn them back over.

3.Take turns until all the popsicles have been matched.

4.Whoever has the most pairs, has the best memory!
