

**Learn How
to Make
this
Milk Carton
Birdhouse!**

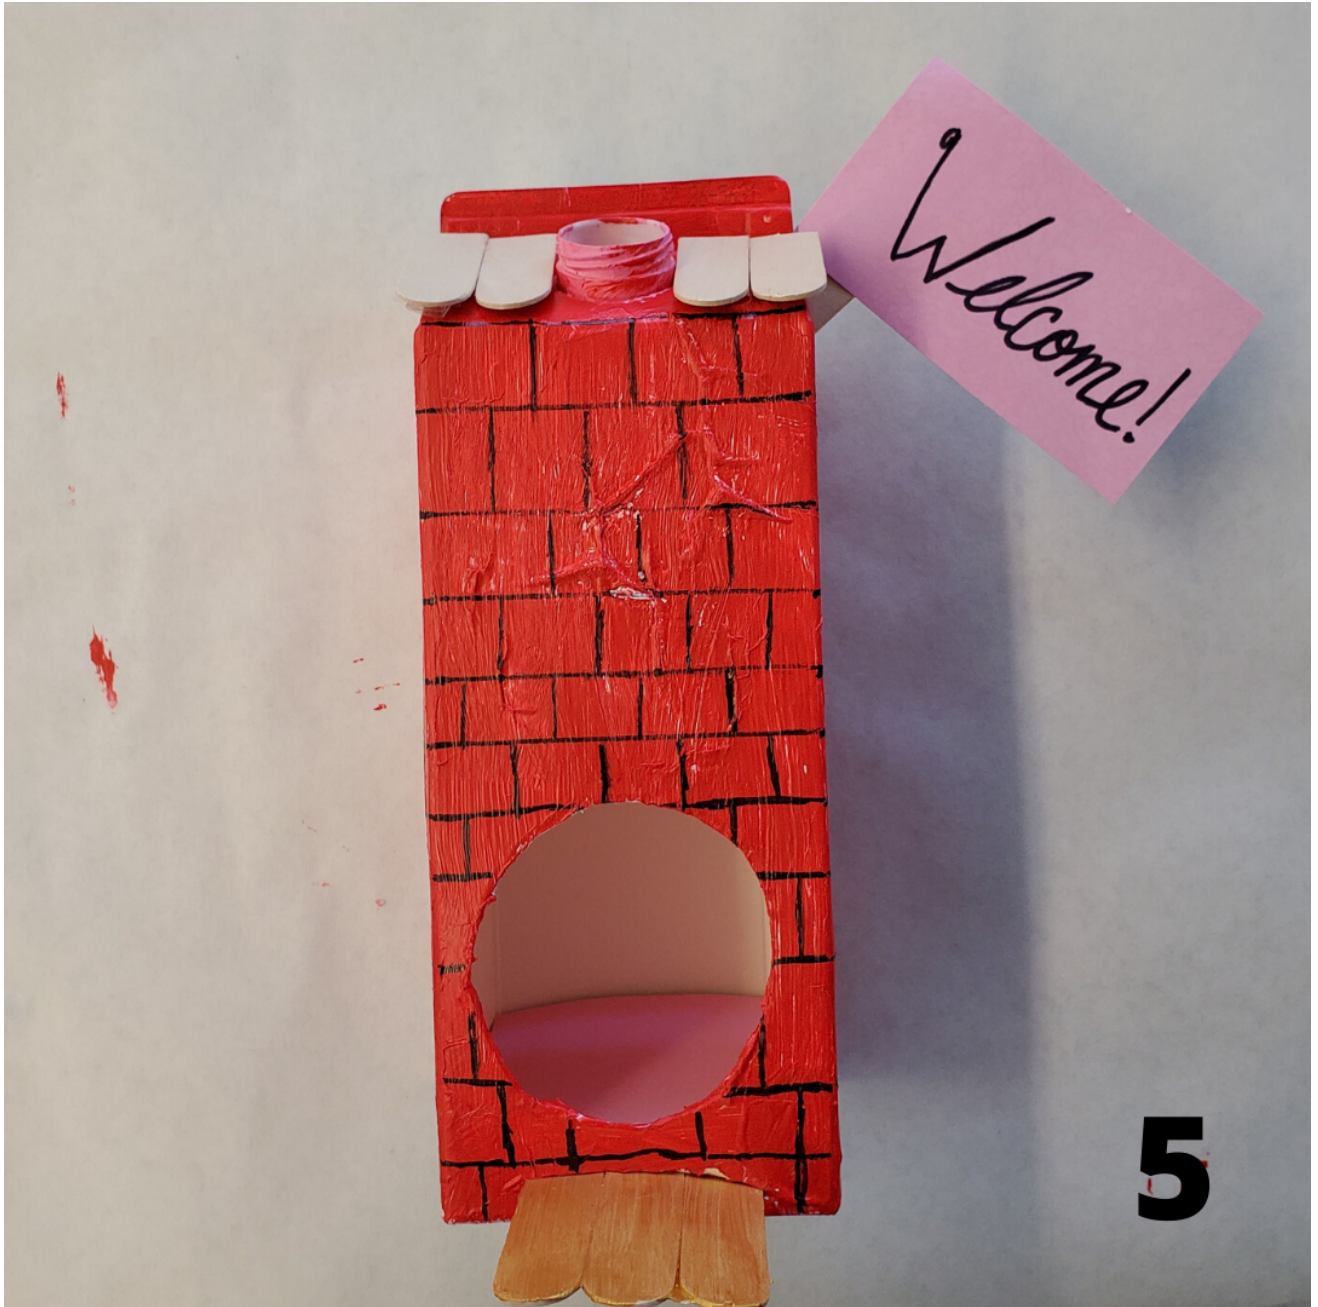

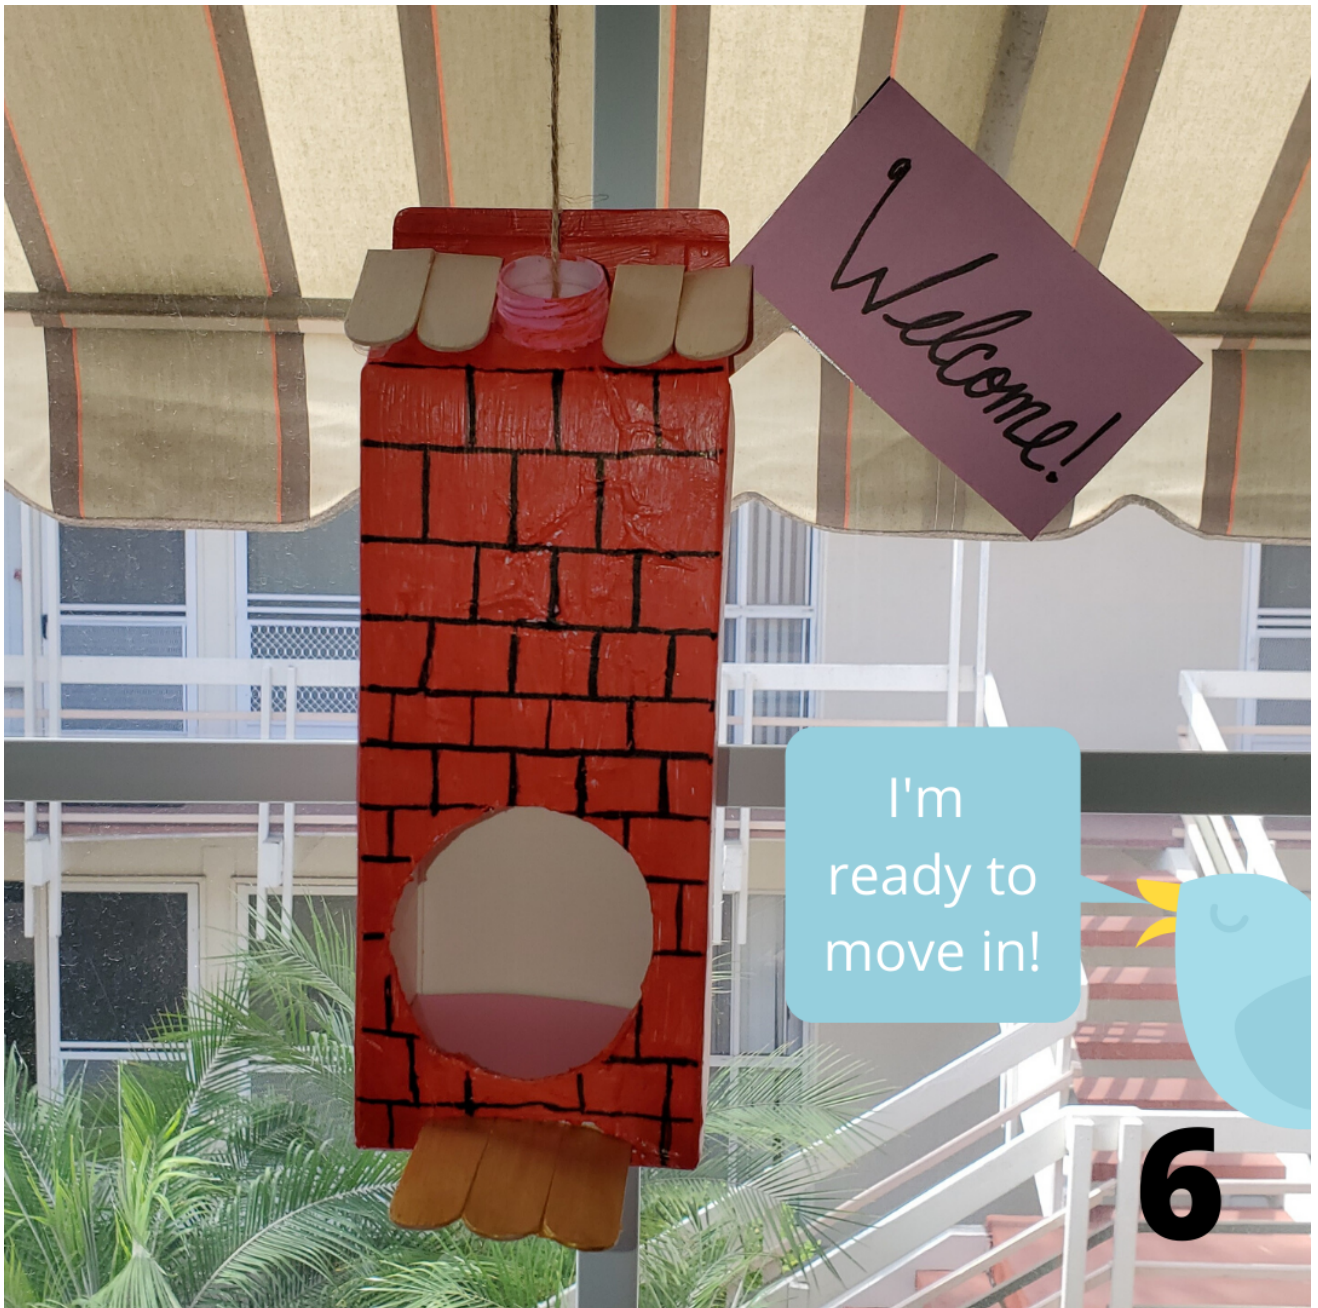

2

3

6

#1 Supplies:

- **Milk Carton**
- **Popsicle Sticks**
- **Scissors**
- **Paint and Paint Brushes**
- **String or Twine to Hang Your Birdhouse**
- **Anything else you want to use to decorate!**

#2 With the help of an adult cut a 3"- 4" circle on one side of your birdhouse. This is where your birds can enter the house!

****If you want your birds to have a popsicle stick perch, cut a line under your circle long enough for three popsicle sticks.**

#3 and #4: Paint and decorate however you want! I painted mine to look like a red brick house with a pink chimney! I also taped three popsicle sticks together for the perch and painted it gold.

#5 Add your finishing touches. I made a roof from popsicle sticks as well as a "Welcome" flag out of a popsicle stick, pink paper, and tape.

#6 Tie the string or twine onto your birdhouse and hang in it outside for the birds to enjoy!
