#1 Supply Alternatives

- **Decorative paper**
- **Chopsticks**

#2 With your marker and ruler measure out a 5 x 5 inch square anywhere on your junk mail. Then, along the top and bottom edge of your square, place a mark at each inch and half inch tick. Now connect the bottom inch marks to the top half inch marks to create triangles.

#3 Cut triangles out with your scissors.

#4 With your stick in hand, place a strip of paper under it and place a line of glue on your strip, just below the stick.

#5 Roll your paper around the stick. Add a dab of glue with your cotton swab to the tip of your paper and press down firmly.

#6 Gently slide your bead off the stick.

#7 You're done! Leave as is or paint them. Make jewelry or decorate objects in your home using your new beads.
