*The Bunnies Are Not in Their Beds* by Marisabina Russo

Grown-up tip

Pretend play is an important stage in a child's development. When they pretend to be a bunny hopping or a chef making pizza, they are exercising their symbolic thinking skills. Symbolic thinking comes into play when learning to read and do math as letters and numbers are symbols we use to convey meaning. Not only does this song give kids the chance to engage in pretend play, they are also using their active listening skills to know when to hop. Active listening skills are essential to Kindergarten Readiness.
